

## 43 PERSONS ARE INDICTED IN BIG MAIL FRAUD CASE

### PROMOTERS OF DRAKE ESTATE DEAL NAMED

#### Bench Warrants Issued For Those Not In Custody

Chicago, April 30.—(AP)—A federal grand jury today indicted 43 persons on mail fraud charges in connection with the sale on shares in the Sir Francis Drake estate—labeled by officials as the biggest of promoters' speculations.

Those named included alleged directors, salesmen and contacts who were accused of raising approximately \$1,000,000 on representations that the optimistic investors would get a slice of the 16th century adventurer's "\$35,000,000 estate."

Bench warrants were issued for those not in custody and bonds were set along a \$1,500—\$15,000 range in keeping with the purported part played by the accused. The chief defendants are Oscar Hartzell, whose previous attempts to distribute the mythical property of Sir Francis have put him in the Leavenworth penitentiary; his brother, Canfield Hartzell, held in New York; Otto C. Yant, erstwhile Iowa banker, Lester Ohmart, J. H. Hauber and Delmer C. Short, all under arrest in Chicago.

Assistant U. S. District Attorney Hall asserted Oscar Hartzell set himself up as the man to whom an "heir" of Sir Francis had assigned all inheritances rights. When he was imprisoned, Hall said, the other defendants told prospects the government was taking a hand in the matter and that Hauber was a federal agent assigned to see that things were carried out in business like way.

Postal inspectors have recovered more than \$100,000 invested in the scheme. Most of those indicted were residents of Iowa, Illinois, South Dakota, Texas, Minnesota and Wisconsin.

### Amazing Story Of Espionage Is Revealed

#### Elsie Walker Office Worker Worked As Investigator For H. L. Doherty

Chicago, April 30.—(AP)—An amazing story of business espionage was related by a girl spy today in the federal mail fraud trial of Frank P. Parish to bolster his contention that his \$35,000,000 Missouri-Kansas Pipe Line company was demolished in a war with rival utilities interests.

The trial moved down the home stretch after Miss Elsie Walker, smartly dressed office worker from Kansas City, told how she served as an employee in the Chicago quarters of Mo-Kan to relay information to an investigator for Henry L. Doherty, oil magnate whom Parish had identified as one of his foes.

She testified she was employed in 1930 by Thomas W. Shannon of Kansas City, the "chief undercover investigator" for Doherty. She was instructed to "let Shannon know when Missouri-Kansas opened negotiations for any market of the Cities Service company," the witness added, and she carried on her clandestine operations for a year and a half.

### PASTOR DIES

Benton, Ill., April 30.—(AP)—Guy D. Chapman, 57, widely known southern Illinois Baptist minister, died at his home here last night following a six months illness.

### Weather

For Jacksonville and vicinity:—Unsettled and warmer weather is predicted for today, with showers and cooler weather to follow on Thursday. The U. S. Cooperative Weather Bureau at the Norbury Sanitarium last night gave temperatures as: high 81; current 57 and low 34. Barometer readings were: A. M. 30.10; P. M. 30.05.

### Give-Dime Plea Floods Mails

This armload of mail carries the hopes of a few of the thousands all over the country who rushed to join in the give-a-dime chain letter drive, in which a return of \$1652.50 was offered for a 10-cent investment. Held by Miss Malvina Starns, it is only a small part of one day's receipts at the Denver postoffice, where services of 100 extra clerks were required to handle the postal deluge.

## GOVERNMENT WOULD HALT AUTO STRIKE

### Labor Department Has Sent Representative To Toledo

Detroit, April 30.—(AP)—Facing the dangers of a spreading strike in the gigantic automobile labor field, the federal government launched a quick opening thrust against rapidly shaping developments tonight, with Edward F. McGrady, assistant secretary of labor en route to Toledo to try to cope with the key strike affecting four General Motors Corporation plants.

Secretary of Labor Perkins ordered McGrady to Toledo to try to make peace between the General Motors management and the striking workers in the Toledo plant of the Chevrolet Motor Co., who walked out when wage demands were refused.

Coinciding with the dispatch of McGrady to Toledo, labor leaders, manufacturers and the government were watching developments in Cleveland where 9,000 workers were affected by the closing of the Fisher body plant, and in Cincinnati where 2,800 were idle at the Chevrolet and Fisher plants in what was reported as a sympathy strike with the Toledo workers.

It was the first major strike threat to confront the automobile industry since President Roosevelt intervened to head off a motor car strike in March of 1934. He then set up a national automobile labor board to help keep peace in the industry.

Workers in the Chevrolet assembly and Fisher Body Co. plants at Cincinnati struck in response to an appeal from the Toledo local of the United Automobile Workers of America, an American Federation of Labor organization, for support. Both plants suspended operations. General Motors Corp., officials here said.

The Fisher body plant at Cleveland will close down indefinitely at midnight, Lincoln Scafe, general manager, announced today. "We can't operate if there are no chassis to put bodies on," said Scafe. He predicted other Fisher and Chevrolet plants in the middle west might have to close, but said the Cleveland shut-down was not a lock-out.

### DOUBLE FUNERAL

Benton, Ill., April 30.—(AP)—A double funeral will be held here tomorrow for Virgil H. Duncan, 28, and his wife Geneva, of Benton, fatally injured early Sunday morning in an automobile accident five miles north of here.

Funeral services for Mrs. Mabel Raridon, 27, also fatally injured in the accident were held at the Walnut Hill church near Centralia today.

## EIGHT MONTHS MORE LIFE FOR 'BLUE EAGLE'

### Government Bird To Have Its Claws Shortened

By Nathan Robertson  
Associated Press Staff Writer  
Washington, April 30.—(AP)—Eight months, instead of two years, more life for a blue eagle with shorter claws today became the object of a powerful bi-partisan drive that developed out of a discordant white house conference.

The proposal to make two modifications of the NRA and extend it for eight months gained swift headway at the capital after a complete collapse of negotiations between President Roosevelt and congressional leaders for a compromise. Despite their failure to obtain white house approval, leaders of the move predicted the chief executive would acquiesce.

Under the suggested plan, NRA would be extended until next March, with its price fixing and intra-state regulation powers eliminated. Congress could then revise the law next session on the basis of court decisions as to its constitutionality.

One of the senators who participated in the suddenly arranged white house conference quoted the president as saying:

"I'll have to sign whatever you fellows send to me."

Others in the group said they had not heard that remark, but that they got the impression the chief executive would sign an eight month extension if congress passed that kind of a measure.

Senator Borah (R. Ida.), one of the participants in the conference, immediately sent telegrams to his constituents telling them if they were engaged in purely intra-state business they could ignore NRA because the federal government had no power to interfere with them.

He told them to advise him if the government sought to interfere, suggesting that he would act as counsel for them if necessary.

Meanwhile, the supreme court received a brief from the defendants in an approaching test case asking that the entire recovery law be held unconstitutional.

## Witnesses Take Stand In Case Against Schnepf

Springfield, Ill., April 30.—(AP)—Character witnesses today testified for 68-year-old John S. Schnepf, the former mayor who disappeared for three years and claims he can't remember being the conservator for an estate from which he is charged with embezzling \$20,000.

State's Attorney Alfred H. Greening completed the state's case in less than a day, presenting several witnesses in efforts to show that Schnepf sold stock from an estate, deposited the money in his own bank account and then withdrew it just before he left Springfield in 1932.

A motion for a directed verdict over-ruled, the defense called a series of character witnesses, the main one being Clyde Schnepf, son of the defendant.

In his opening statement, defense Attorney William St. John Wines said:

"This is one of the most peculiar cases I know of. Since returning, Schnepf has been unable to recognize his wife or his children or persons who were his friends for many years. He is unable to give any assistance in the trial of this case."

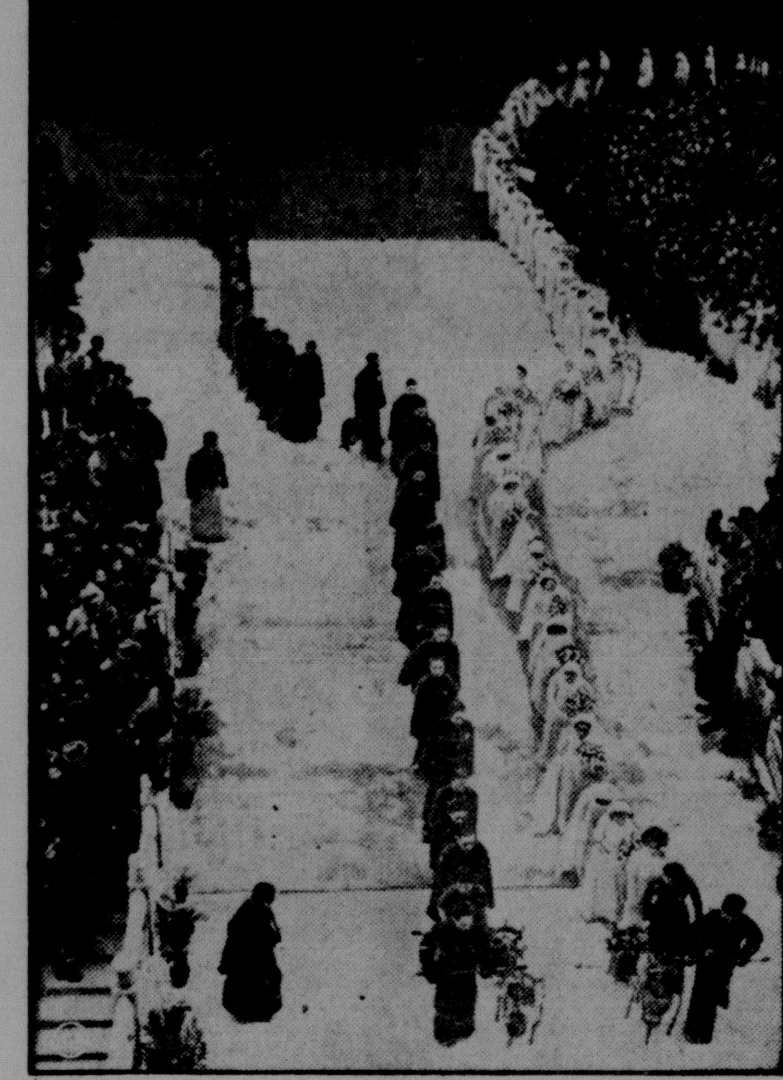

Schnepf, who has been held in jail for default of bond since he was returned from Los Angeles several weeks ago, professes to be a victim of amnesia.

## Chinese Wed "in Mass," Save Cash

These long lines of brides and bridegrooms, 57 couples, wending their way to the altar, are China's answer to the high cost of marriage, which often keeps Chinese couples in debt for years. Shanghai's mayor officiated at the first Oriental mass marriage, and wedding garments were limited in cost to about \$6, with one bridesmaid and one best man serving for the whole assemblage.

## ROBLES KIDNAP SUSPECTS MAY BE INDICTED

### Grand Jury Will Hear Evidence At Session Today

Tucson, Ariz., April 30.—(AP)—Evidence linking three persons with the June Robles kidnaping case—termed "solved" today by J. Edgar Hoover of the department of justice—will be presented to the grand jury here tomorrow.

Three days are expected to be required to submit the findings of federal agents. They have been at work on the case since the little girl disappeared April 25, 1934, to be found 19 days later imprisoned in a corrugated iron box sunk in the hot desert sands near here.

Frank E. Flynn, United States district attorney for Arizona, said that among other things the evidence to be laid before the grand jury includes fingerprints obtained by a new process from the desert "coffin."

The refusal of federal agents here to comment on Hoover's statement in Washington was interpreted as meaning the evidence to be laid before the grand jury will clear up the mystery.

The Robles case has stood as the only unsolved major kidnaping in the United States.

Hoover, head of the bureau of investigation and leader in the nationwide campaign against the "snatch racket," tersely added the Robles case to the other kidnapings that have yielded to the persistence of federal agents.

"The Robles kidnaping is solved," he said. "We have had 36 kidnapings listed, and all of them are solved on our records."

## SUSPECT HELD

Benton, Ill., April 30.—(AP)—Lester Quarels, 17-year-old West Frankfort youth, was held in the county jail here today at the request of Jasper, Tenn., authorities, for the alleged theft of an automobile.

## President Roosevelt Tells Governor Horner Illinois Must Not Fail Its Needy

By Gerald Miller.  
Associated Press Staff Writer For Illinois.

Washington, April 30.—(AP)—Governor Henry Horner of Illinois was on his way back to Springfield tonight after being told by President Roosevelt that his state must not fail its needy.

With federal relief halted at midnight tonight, the state House was in session to consider measures which would raise \$3,000,000 a month.

## NEXT MOVE IN EUROPE UP TO ADOLF HITLER

### Nations Opposed To German Rearmament Plan Union

By Burdette T. Johns  
Copyright, 1935, By The Associated Press.

London, April 30.—Britain tonight seemed veering definitely toward union with those nations openly opposed to Germany's swift, surprising rearmament.

This was the situation foreseen in competent quarters as proposed Anglo-German naval conversations stood "adjourned" until after Adolf Hitler's statement on foreign policy expected May 15.

These quarters declared it was now up to Hitler to make the next move if he hoped to keep Great Britain in her role of "good neighbor" and "honest broker" as concerns the continent's troubles.

While French officials openly voiced hopes of negotiating bilateral air agreements with England, Italy and Belgium and the authoritative Italian Newspaper Giornale D'Italia laid bare Germany's asserted "Big Navy" program for 1935-1936, the British government fixed its attention on Hitler's forthcoming statement.

Future developments in the tense arms situation, the British were described as believing, will depend upon what the German Fuehrer does toward clearing the atmosphere surrounding first by Germany's army and air expansion and then the revelation of renewed submarine construction.

Prime Minister Ramsay MacDonald, Lord President of the Council Stanley Baldwin and other members of the cabinet will make decisions tomorrow on the momentous questions arising from the submarine "bombshell."

After today's postponement of the Anglo-German naval conversations, speculation arose as to whether Great Britain might not cancel them entirely. Persons in close touch with (Continued on Page Ten)

## HORNER RELIEF BILL ADVANCED TO THIRD READING BY HOUSE

### NEW DEAL IS ATTACKED BY BUSINESS MEN

#### Government Spokesman Ask Leaders To Be "Patient"

By J. R. Brackett  
Associated Press Staff Writer  
Washington, April 30.—(AP)—A battering-ram attack on the New Deal by the United States Chamber of Commerce convention tonight was interrupted, at least momentarily, by an administration spokesman's request for business to be "patient" about recovery.

Plunging into what had become virtually a field day of assaults on the Roosevelt administration, Secretary Roper told a convention meeting the "legislative and regulatory efforts of this era are not intended to destroy business."

The commerce secretary's speech was said authoritatively to have been examined, in part, at the White House. Whether it constituted the administration's only formal recognition of the business convention was not known definitely. Observers discussed a possibility that President Roosevelt might send a message when the meeting adjourns.

Roper's plea for business government cooperation was made in the face of charges by major chamber leaders that the administration was attempting to "sovietize" or "nationalize" or "socialize" the nation's business.

"We must be patient in a period of general readjustment," Roper said, "if we would have changes come after the fashion of an orderly evolution and not after the fashion of a destructive revolution."

His remarks came at the close of a day which opened with President Henry I. Harriman of the chamber urging that the administration postpone efforts until a powerful strong recovery arrived. Only Sunday night had President Roosevelt again announced he intended to push through at this session bills put by Harriman in the reform category.

Earlier, Forney Johnston, Birmingham, Alabama, attorney, was applauded uproariously amid stamping and whistling, for a speech that left little of the New Deal unattacked. He contended nationalization or socialization would be the outcome of its policies.

## Steam Engine Will Run 120 Miles An Hour

### Locomotive Builders Have Found Answer To Diesel Competition

By E. D. Fales, Jr.  
Associated Press Staff Writer

Schneectady, N. Y., April 30.—(AP)—A 120-mile an hour locomotive, the answer of the steam engine builder's to Diesel competition, tore through a red, white and blue veil at a locomotive works here today and was officially christened for service on a Middle Western railroad.

Smelling of hot paint, the streamlined monster drew alongside a platform crowded by state, federal and railroad officials.

The engine is the first of two to run between Chicago and St. Paul, and it will start in a day or two. Its companion will be finished in a few days. Both are painted a brilliant yellow, grey and red. Shining metal wings ornament the nose.

Christened "Hiawatha," the locomotive was formally turned over to President H. A. Scandrett of the Chicago, Milwaukee and St. Paul railroad by President William C. Dickerman of the American Locomotive company.

The Hiawatha is an oil burning steam engine covered by a smooth metal shell. It is designed to run at least two miles a minute. Its running schedule between Chicago, and the Twin Cities will be six and a half hours, the same as the Zephyr and the Four Hundred.

## HOLD GIRLS

DeQueen, Ark., April 30.—(AP)—Sheriff Jess Pickens said today he had been asked to hold two 16-year-old girl runaways, who gave their names as Jayne McPadden and Arlene Steel, for their parents in Decatur, Ill.

A telegram from Sheriff Emory Thornell to Pickens said parents of the girls would come to DeQueen for them.

## DIES FROM INJURIES

### Enlisting Nation in Work Drive

Pleading with the country to join in a "great crusade to destroy enforced idleness," President Roosevelt is shown in the White House as he broadcasts his five-day message explaining his \$4,850,000,000 work-relief program. He declared recovery is under way, "despite the few who seek to confuse the public and profit by their confusion."

## U. S. MILITARY SECRETS MAY BE CENSORED

### Unprecedented Threat Has Been Made By Roosevelt

By Douglas B. Cornell  
Associated Press Staff Writer

Washington, April 30.—(AP)—An unprecedented threat by President Roosevelt to censor any military secrets that may hereafter be sought by congress today reverberated from a disclosure of "emergency" war plans by a house committee.

In quick succession statements were shot out from the white house and war department disavowing also that private testimony by army officers, proposing a secret Canadian border air base and preparations to seize certain British and French Islands, represented the "policy" of the government.

Bluntly, Mr. Roosevelt told the house military committee that if confidential testimony given behind locked doors was to be printed as a public document, "I shall find it necessary as commander in chief of the army and navy to require that in the future such testimony be given only after approval by me."

In short crisp sentences, the president wrote Chairman McSwain that assertions by high army officials "do not represent the policy of the administration or of the commander in chief."

In a matter of hours, Secretary Dern advised the white house that the views given by army officers "were individual and had not been submitted to either the chief of staff or the secretary of war."

Then swiftly, Brigadier General F. M. Andrews, chief of the general headquarters force and one of those contributing the statements which reverberated internationally, added:

"My testimony was never submitted to or discussed with higher authority and represents merely my own views as an abstract military study with no concrete political thought or reference."

On capitol hill there was a fast shifting of blame for the slip which publicized data given under pledges of secrecy. But there was no immediate disposition to shelve the airbase bill which was the basis of the incident.

## ACCIDENTAL DEATH

Oswego, Ill., April 30.—(AP)—A verdict of accidental death was returned by a coroner's jury yesterday in the death of Edward Flavin, 44, of Somonauk, Ill., who was struck by a truck while walking along a highway three miles west of here. The driver of the truck, Lawrence Moore of Cambridge, Ill., was not held.

## FINAL VOTE ON MEASURE TO BE TAKEN TODAY

### Republicans Withhold Fire Until Final Passage

By Milburn P. Akers  
Associated Press Staff Writer  
Springfield, Ill., April 30.—(AP)—Gov. Horner's program for financial, unemployment relief by adding an extra penny to the sales tax was advanced to third reading in the Illinois house late today—ready for a vote on final passage tomorrow.

Republicans made no fight against advancement of the three per cent sales tax bill, for which all Democratic energies are being devoted to getting 102 house votes on the vital recall tomorrow.

"We are saving our fire until this program comes up on the passage stage," said the leader of the opposition, Leroy M. Green of Rockford.

Also advanced, ready for a final vote tomorrow, was the companion bill to levy a three per cent tax on public and private utilities. Two amendments, one of which would have exempted municipal plants, were tabled.

Before the bills were called up after a long delay, indirect word was received that Governor Horner hadn't been able on his trip to Washington to get federal officials to keep relief stations open until the legislature acts.

It was further confirmation of the demand of Harry L. Hopkins, federal relief administrator, that the legislature must continue to furnish \$3,000,000 toward the cost of the unemployed if the Illinois emergency relief commission is to receive further help from the national treasury.

There was no debate, no rollcalls and no attempted filibuster when the sales tax bill was called up. Two Republican amendments were quickly voted down.

The first was to end the increase in the sales tax on July 1, 1936, a year earlier than proposed by the administration bill. It was proposed by Clinton Searle of Rock Island.

The next amendment was offered by Charles J. Jenkins, Chicago negro, who sought to prohibit retailers from setting sales tax up as a separate item. It was tabled on motion of majority Leader Adamowski.

The house sitting as a committee of the whole, first heard two representatives of the Illinois workers alliance oppose the increase in the sales tax.

Edward C. Morgan of Staunton and M. McCullough of Chicago said other means of raising relief funds should be found; that the sales tax was a "poor man's tax" and that, in effect, its increase would reduce the amount of money relief clients would have to spend.

Speaker Devine took the floor to question McCullough, who had urged substitution of an income tax for the sales tax. The speaker said his plan would imperil the lives of the unemployed, as an income tax or any other new impost would undoubtedly spend months in the courts and, in the meantime, there would be no monies for relief.

The speaker also took McCullough to task for an inference that the state could provide relief by curtailing governmental expenses.

The senate refused to consider a resolution asking the Illinois congressional delegation to intervene with President Roosevelt in efforts to obtain further relief help. The resolution, introduced by Arnold P. Benson, Batavia Republican, was sent to the executive committee by a 24 to 17 rollcall.

It charged that federal officials are usurping the assembly's prerogative of enacting such revenue measures as it considered necessary.

The senate passed three house bills, one of them the Fitzgerald measure providing for refunds of property taxes in Cook county in cases of erroneous assessments.

Green explained that it would be useless to oppose the tax increase program today since the Democrats had the necessary 71 votes, a constitutional majority, to adopt or kill any amendments.

## 20 Persons Have Died In 2 Weeks In "Dust Bowl"

Springfield, Colo., April 30.—(AP)—Red Cross officials estimated tonight that "at least 20" persons have died within the past two weeks in the nation's "dust bowl" of disease aggravated by the blowing silt.

Albert Evans, in charge of Red Cross dust storm headquarters at Liberal, Kansas, said that nine have died in Baca county, Colorado, five in the Oklahoma Panhandle, and six in southwestern Kansas.

He emphasized that the figure was "conservative."

## The First Day of May

This day ushers in the month of  
high school activities leading up to  
and including commencement. May  
day fetes will be held in the colleges.  
A month of open and usually mild  
weather will be filled with the last  
colorful festivals of the schools to  
wind up the year and prepare for the  
summer vacation. May is the month  
given over to youth.

But the first of May also brings a  
certain uneasiness in the labor world.  
The day has been observed for many  
years as an international holiday. The  
spreading of the automobile strike  
from Toledo to Cincinnati and Detroit  
emphasizes the fact that the first of  
May has been set aside as the date for  
labor agitation. It is hoped the strike  
menace can be averted.

Perhaps the most widely recognized  
activity for this month is house clean-  
ing, which carries with it papering,  
painting and putting in screens. The  
average man cannot count on his regu-  
lar rest when he goes home from  
work during the month of May. He  
must climb ladders and hang pictures  
or curtains, or he must wax floors or  
move the furniture about. If he has  
any time left, he may beat the rugs.  
He must of course see that the screens  
are in place.

Already the householder has had a  
turn with the lawn mower. If he is  
ambitious he has made some garden  
and perhaps done some painting. As  
the grass grows in the warm sunshine  
and the rain, he realizes that his mow-  
ing activities must continue and that  
the garden must be weeded. For the  
man who has anything more than a  
small apartment, the month of May  
brings hard work.

## Wall Streets Defense

Mayor LaGuardia of New York  
wanted to show some visiting army  
officers that the regular troops station-  
ed in and about that city would not  
be needed in case of a riot. He  
turned in a fake riot call from the  
heart of the financial district.

The Saturday afternoon quiet of the  
place was immediately shattered by  
the shrieking of sirens as police cars  
and trucks rushed into the area.  
Within a few minutes police to the  
number of two companies of soldiers  
were on the job, fully armed with re-  
volvers, riot guns and machine guns.  
More than sixty came in large trucks.  
Patrol and squad cars picked up every  
available man and brought the entire  
force to the scene. The place fairly  
swarmed with armed officers.

Report does not say whether the  
army officers were satisfied, but they  
might as well be. Nothing much  
ever happens in Wall street to bring  
out the law, because the underworld  
has a tacit agreement to stay out of  
the financial district, where really big  
business is carried on. The night po-  
pulation of the section is only a little  
more than 10,000, composed largely of  
janitors, guards and watchmen.

There was a bombing in the section  
a few years ago, but the shakedown  
was mild compared with what happened  
there in October, 1929. At that time  
all the riot squads in the country  
could not have averted the trouble,  
from which the nation has not yet re-  
covered. Wall street does not need  
uniformed guardians of the law nearly  
so much as it needs the careful at-  
tentions of the new Securities and  
Exchange commission headed by  
Joseph P. Kennedy.

## New Traffic Code

Ernst Lieberman, chief engineer of  
the state Highway Department, has  
formulated a new traffic code for Illi-  
nois, which is soon to be presented to  
the legislature.

Perhaps the most interesting change  
in the code is a provision aimed to rid  
the highways of "moping" drivers. It  
makes it a misdemeanor for anyone  
to drive a car in such a man-  
ner as to impede the free movement of  
traffic. In short the motorist is to  
be told, "If you can't drive, get off

the road and give somebody else a  
chance."  
It is hoped this will not mean the  
prohibition of the leisurely car ride  
which people sometimes take for the  
purpose of seeing the country or  
getting a little fresh air. There are  
people who do not feel safe driving at  
breakneck speed, and would rather  
travel more slowly. Not so long ago  
the laws were aimed at the speeder,  
but today the traffic is inclined to be  
impatient with the slow driver. It is  
now proposed to set a minimum speed  
requirement.

The new code would make it pos-  
sible to pass another car on the right  
side, which is now forbidden, provided  
the passage could be made with safety.  
Who is to be the judge of safety stand-  
ards, the law does not state. Prosecu-  
tions for reckless driving, under the  
new code could be started only fol-  
lowing accidents in which there was  
death or injury. This provision seems  
rather loose.

Other words, as long as a motorist  
did not kill or injure anyone, he  
would be permitted to take whatever  
chances he pleased.

## ONE DIVORCE FOR EVERY SIX MARRIAGES

From The Waterloo Daily Courier  
Jonathan Swift observed in his  
"Thoughts on Various Subjects" that  
The reason why so few marriages are  
so happy is because young ladies spend  
their time in making nets, and not in  
making cages.

That, however, is not a satisfactory  
explanation of the fact that there was  
one divorce for every six marriages in  
the United States last year.

The Alimony Reform league of New  
York City has released some impres-  
sive statistics which, although they  
may be tinged with prejudice, are in-  
dubitable of the disgusting trend.

The league reports that 1,800,000  
men in America have paid the alimony  
piper in the last 10 years and that at  
present \$936,000,000 is being paid an-  
nually by men who have made mis-  
takes.

In addition to the alimony pay-  
ments, there is an item of about two  
billion dollars distributed annually for  
other items of cost attendant upon  
settling of matrimonial battles.

These figures do not take into ac-  
count the less tangible, but infinitely  
more important, losses to social values  
—the thousands of children handi-  
capped, the incalculable injury to in-  
dividual self respect.

Several New Homes  
Being Erected Here

Projects Under Way on West  
Lafayette and Beecher  
As Season Opens

With the arrival of spring weather,  
several new homes are under con-  
struction in Jacksonville. There also  
is considerable repair work in pro-  
gress, exterior and interior improve-  
ments being made in a number of  
homes. Lumber dealers report more  
home improvement activities than for  
a number of years past.

One of the new homes now in course  
of construction is in the 1300 block on  
West Lafayette avenue where L. C.  
Strubinger, president of the Commer-  
cial Home Company, is erecting a 7  
room home which he expects to oc-  
cupy by fall. The home is of an Eng-  
lish gray shingle type. The lot was  
formerly owned by Mrs. Eugenia Mar-  
tin. Mr. and Mrs. Strubinger now re-  
side at 646 Sandusky street and will  
move to their new home as soon as it  
is completed.

R. T. Cassell plans the erection of  
three modern houses on West Beecher  
avenue opposite the rear of the Ma-  
sonic Temple. Contractor Clarence  
McCarthy has already started construc-  
tion of one, an eight-room two-story  
dwelling. Two of the houses will be of  
brick and one of stucco. They are re-  
placing some old residences which Mr.  
Cassell recently had wrecked and re-  
moved.

The three new homes will be mod-  
ern in every way and will add much  
to the residence value of that locality.

## RUGGED INDIVIDUALISM IN CONGRESS

Behind  
The Scenes  
In Washington

How America Entered Great  
War Bared by Dutcher's  
Inside Story—Confidential  
Report Before Munitions  
Probers Traces Course,  
Step by Step, That Led U.  
S. Into Conflict

BY RODNEY DUTCHER  
Journal and Courier Washington  
Correspondent  
Washington.—The long, devious  
road to war at last has been mapped  
and charted.

It is the road America traveled in  
the years of her neutrality from Aug-  
ust, 1914, to April, 1917. It is the same  
road America will travel again, ac-  
cording to Senate Munitions Com-  
mittee investigators, if another European  
war breaks out this summer—unless  
drastic new neutrality legislation is  
passed in the meantime.

A confidential report now before  
the committee shows for the first  
time the sequence of events and over-  
whelming pressures which swept the  
Wilson administration from its initial  
"strict neutrality" position and its  
"He Kept Us Out of War" campaign  
slogan of 1916 to a point where Ameri-  
can statesmen faced a choice between  
war and a domestic panic accompan-  
ied by European financial chaos.

## Road to War Shown

Quoting from scores of secret docu-  
ments in State Department files,  
which are considered too sensational  
for publication, the report traces step  
by step the inexorable consequences  
which began to pile up when the first  
battles of munitions and foodstuffs  
left these shores for ports of belliger-  
ent nations.

There were two parallel ruts in this  
road, in brief:  
1. American industrial, commercial,  
and financial interests piled up a  
huge structure of production, export,  
and debt. They became inextricably  
bound by gold and steel to the war  
fortunes of the allies.

The government, whether influ-  
enced by pressure or the threat of a  
collapse of that structure in economic  
chaos, shifted its neutrality policies to  
the advantage of the allies and the  
disadvantage of Germany.

By countenancing loans to the allies  
which it had at first called "unneu-  
tral," it in time reached a crisis where  
the Morgans and other private bank-  
ers could no longer sustain the struc-  
ture, and direct financial aid from this  
government was essential to save it.

2. By arriving at a neutrality policy  
which permitted Americans to sell  
billions of dollars' worth of munitions,  
foodstuffs, and other materials to  
Britain and France—and to lend  
them the money to pay for it—and at  
the same time permitting England to  
violate our neutral rights to the ex-  
tent of blocking our commerce with  
neutrals bordering on Germany, we  
became in effect partners to the  
"starvation blockade" of Germany.

Our protests to England grew feeble  
as our war profits mounted. The  
report shows how the Germans, as  
they grew hungrier, became increas-  
ingly enraged at America.

Eventually, in bitterness and des-  
peration, they resumed submarine  
warfare. And the emotional reaction  
of the American people coincided with  
the feverish backstage jitters of our  
statesmen over the economic crisis.

perity would have been jeopardized  
by a German victory, it is pointed out.  
The war cost us 100,000 killed, 180,000  
wounded, and \$22,825,000,000 direct-  
ly. The post-war cost to us has  
been estimated as high as \$200,000,000,000.

When the Morgan firm in August,  
1914, first asked the State Depart-  
ment its attitude as to loans to belliger-  
ents, Secretary Bryan at once took  
the position that such loans would be  
likely to get us into war eventually as  
financial interests here championed  
the cause of the debtor nations.

So the State Department declared  
war loans would be "inconsistent with  
the true spirit of neutrality."

Gate Opened to Greed  
But our huge munitions sales had  
to be financed and soon there was an  
informal agreement between Acting  
Secretary Lansing and Morgan that  
"commercial credits" were another  
matter.

The bankers were around again in a  
few months, seeking permission to  
float big loans. A year after the war's  
outbreak, Lansing had succeeded  
Bryan and was agreeing with Secre-  
tary of the Treasury McAdoo that  
conditions had changed.

The war supplies interests had built  
up a \$2 billion dollar favorable bal-  
ance of trade. Withdrawal of Allied  
gold to pay for it would have bank-  
rupted England and France. If they  
couldn't find means of paying us, it  
was argued, they would have to stop  
buying from us and there'd be econo-  
mic hell to pay here at home.

Only big allied bond issues could  
save our "national interests" in the  
face of an economic crisis. So the  
first big war loan, the \$500,000,000  
Anglo-French issue, was floated by a  
Morgan-headed syndicate, while the  
State Department, secretly embar-  
rassed by Bryan's previous interpre-  
tations of the "true spirit of neutrali-  
ty," said it had taken no new posi-  
tion.

Preferred War to "Panic"  
The financial situation grew even  
more strained, however, as private  
money-raising proved inadequate.  
Ambassador Page at London was cab-  
ling frantic bleats in the spring of

1917.  
German submarines were playing  
havoc. If we went to war, the great-  
est help we could give England and  
France would be a big government  
loan. Perhaps our going to war was  
"the only way in which our present  
pre-eminent trade position can be  
maintained and a panic averted." A  
feared England too much.

Ambassador Gerard at Berlin urged  
the government here to embargo the  
export of arms unless England per-  
mitted food to enter Germany and  
members of Congress introduced em-  
bargo bills. Lord Grey's memoirs show  
that England would have dropped the  
blockade if Wilson had threatened an  
embargo, but other documents indi-  
cate Wilson, Colonel House, and Page  
feared a rupture with England far  
more than effects of relations with  
Germany.

The Commerce Department, mean-  
while, was privately taking the dol-  
lars-and-cents attitude that good will  
of the allies was likely to be worth  
more than British restrictions had  
cost us. This viewpoint won.

Unique Program At  
Junior High School

Physical Education Class  
Presents Program at  
Student Assembly

The Physical Education classes of  
the Junior High school sponsored a  
clever and unique assembly recently,  
directed by Miss Kathryn Frenzle,  
head of the girls' department.

The program was filled with many  
interesting numbers and colorful  
scenes. It was carried out as follows:  
Gypsy Tote Dance—"La Gattine" by  
Miss Frenzle, costumed in a red  
striped outfit and red stockings.

"Paupere Valsante—The Dancing  
Doll" was given by Betty Ann Green.  
The doll came out of a big pink box  
which was tied with a huge blue bow  
ribbon. Her costume was of ruffled  
blue organdy and blue hair ribbon.  
The doll becomes frolicsome but in  
the midst of her dancing is fright-  
ened by a noise. She scurries back  
into her box.

Raggedy Anne and Andy by Helen  
Schelange and Myra White of the  
MacMurray College. They wore typi-  
cal Anne and Andy costumes with  
wigs and stocking faces, and were  
very entertaining.

A tap dance "The Frisky Wooden  
Soldiers" to music of the doll dance  
was given by Rachel Husted and Miss  
Frenzle. They wore white West  
Point military uniforms trimmed in  
black braid, and black berets.

"School Days"—a tap dance—was  
given by Dorothy Jean McPetersen,  
Dorothy McGinnis, Florence Feely,  
Geneva Kinnitt, Mary Arter, and Dor-  
othy Fernandes. The girls were  
dressed in red and white checked  
gingham dresses and hair ribbons.  
They carried lollypops. The boys wore  
blue striped overall trunks and red  
and white checked blouses. They car-  
ried apples. A little pantomime was  
carried out during the dance. At the  
end of their dances they turned their  
backs spelling out in letters hung on  
their backs "The End."

SAYS:

To the Editor of The  
Journal-Courier  
Beverly Hills, Calif., April 30.—  
The president made a very encour-  
aging and hopeful speech. On the  
same day Mussolini spoke to his peo-  
ple. It's interesting to compare the  
two speeches, not so much on account  
of the two men, but on account of  
difference in temperament of the two  
races. Mussolini said, "You have  
many years ahead, you must  
sacrifice, and bear it. 'Now nobody  
could make that speech to us. We  
don't want to be told we must 'sacri-  
fice, and that we might have lean  
years.' But Mussolini's plan  
is the best. If he brings his people  
any little benefits they are tickled to  
death, but if we don't receive every  
benefit we are holiering."

## My Cookery News Notes

By LUCILE HARRIS

Editor's Note: "Cookery News Notes" is a new feature of this newspaper, and will be followed with interest by our women readers. The writer is Lucile Harris, staff member of the National Live Stock and Meat Board, recognized authority on cookery of all kinds and especially meat cookery and the planning of meals around the meat course. Experimental cookery has developed a good deal of new information about cooking meat, which is contrary to old ideas. This series of articles will give our readers this new information in helpful form, and will also give a series of excellent recipes and suggestions for serving the meat course of the meal.

### FAMOUS CHEF'S SPECIAL DISHES

Everyone who does much cooking has a favorite recipe which he or she particularly likes to prepare. I should

rather roast a delicious juicy standing rib roast of beef than anything I can imagine. My friends' enjoyment more than repays me for the time I have spent in its preparation.

You, too, I presume, have some specialty which your family repeatedly demands. I find such is true not only in homes but in hotels, for as I go from one city to another the chefs often call my attention to their specialties.

Chefs like to cook meat, and often their favorite is a tempting meat dish. I have selected three from the number of recipes I have collected which I thought were unusually good and which you might like to try.

**Baked Stuffed Pork Chops Madeleine**  
2 onions, chopped fine  
1 tablespoon sweet butter.  
1 teaspoon salt.  
White pepper  
2 cups bread crumbs  
1 cup milk  
Egg, well beaten  
Little chopped parsley  
6 lean pork chops, 5 oz. each.  
1 cup tomato juice.  
1 cup water.

Mix to a smooth paste the onion, sweet butter, bread crumbs, salt and white pepper, milk, eggs, and chopped parsley. Take pork chops, wipe and sprinkle with a little salt. Then in a sauce pan brown the chops on one side only. Spread on browned side of pork chops the mixture of above ingredients, and place together in roasting pan. Add tomato juice and 1 cup water to cover bottom of pan. Bake in a medium oven 30 to 35 minutes. Serve hot.

The above recipe comes from the Commodore Perry Hotel in Toledo, Ohio. Note that the chops are cooked by moist heat at a low temperature for a comparatively long time. Much of the flavor of the pork is found in the fat, and the long cooking allows this flavor to permeate the lean. Cooking at a low temperature produces a tender, moist pork chop instead of a dry, hard one which might result from cooking a shorter time at a higher temperature.

**Devilled Kidneys.**  
Skin 8 lamb's kidneys and cut lengthwise and soak in salted water for ten minutes. Melt 2 tablespoons of butter in a frying pan. Drain the kidneys and place in pan. Cook over a low fire until a deep brown, turning the kidneys frequently to prevent burning. While the kidneys are cooking, add one tablespoon finely chopped onion and one of parsley. When the kidneys are cooked, remove from pan. Mix one well rounded teaspoon of flour, one level teaspoon dry mustard in one-half cup of cold water. Stir into the frying pan. Add salt and pepper to taste. Cook five minutes and pour over the kidneys.

From the Congress Hotel in Chicago comes the above recipe for preparing kidneys which is recommended by Chef Victor Leval.

Kidneys are glandular tissues which are good sources of iron and copper. The minerals necessary in the treatment of nutritional anemia. They also supply vitamins A B and G.

**Lamb Stew Menagere.**  
3 lb. lamb—neck, shoulder or breast  
1 doz. onions, sliced  
1 carrot, sliced  
1 piece leek  
1 turnip, sliced  
1 doz. potatoes, sliced  
4 oz. butter  
1 cup cream  
1 cup flour  
1 egg yolk.

Put lamb in vessel with cold water and a little salt. Bring to a boil. Drain off and cool the meat. Put back in vessel with all the sliced vegetables and butter. Put on fire until toasted. Add flour and mix well. Place on fire again, then add sufficient water to cover the stew. Simmer until tender. Take from fire. Put cream and egg yolk in a cup and mix, add to the stew. Keeping stirring until it becomes thick and creamy. Add chopped parsley and serve.

George Terrat of the Princeton Inn at Princeton, New Jersey, uses the above recipe for Lamb Stew Menagere.

When cooking meat in water as we do when we prepare a stew, it is important that the water be kept just below the boiling point. Cooking meat in boiling water dissolves the flavor from the connective tissue and leaves a dry stringy piece of meat. If the meat is simmered, the final result will be tender and juicy.

Still another famous recipe is the

following one for lamb chops, which comes from the chef at the Edgewater Beach Hotel in Chicago. It is a dish which the whole family will enjoy.

**Double Lamb Chops Bloxi.**  
Have the lamb chops cut double. Season with salt, dip in olive oil and place on a rack in a thoroughly preheated broiling oven. The top of the chops should be about 3 inches from the flame or heating element. When the chops are nicely browned on one side, turn and let them brown on the other. Only one turning is necessary.

A slice of pineapple is dusted lightly with flour and fried in butter until it is a golden brown. New peas, if they are available, are boiled in salted water to which a sprig of mint is added. When the chop is ready, it is served on top of the pineapple, and on the side, the peas and a little fresh watercress are used as a garnish.

These chops are served with Bloxi muffins, which are bran muffins to which raisins and dates have been added.

### MEREDOSIA GRADE SCHOOL TEACHERS ARE RE-EMPLOYED

Meredosia.—At a meeting of the grade school board in this city on Friday evening the following teachers were re-hired for next term of school, Howard Edlin, principal and teacher of 7th and 8th grades; Miss Allene Unland, 5th and 6th grades; Miss Laura Kathryn Deppel, 3rd and 4th grades, and Miss Frederica Schmitt and Miss Bernice Skinner the primary department.

**News Notes**  
A series of revival services were started at the M. E. church on Sunday evening. The local minister, Rev. S. M. Madden, will be assisted by Miss Mary Olive of Edwardsville, and Miss Mary Paul of Alton, evangelists, at the services.

Mr. and Mrs. L. H. Wegheoff of Valley City were guests of Mr. and Mrs. Charles G. Wegheoff and Mrs. Effie Kappel Sunday.

Mr. and Mrs. C. O. Mueller and family of Bluffs were guests of Mrs. Lizzie Russwinkel Sunday.

Mr. Morris Davis of Flint, Michigan, is visiting his brother and wife, Mr. and Mrs. Delbert Bauser, in this city.

Dr. and Mrs. M. Alvarez of Bluffs were visitors here Sunday afternoon. Corlita Duwendack has given up her school at Lakeview for the coming year to accept a position as bookkeeper and stenographer at the A. B. Christianman elevator.

The Red Bird baseball team, east of town, played the Lakeside Orioles at the Oriole diamond, northeast of town, Sunday afternoon. A very interesting game was played, the Red Birds winning by an official score of 5 to 0.

Mrs. Lee Edlen and son, Billy; Mrs. Ivan Little, Mrs. Earl Allen and son, Earl Junior, were visitors in Beardstown Sunday.

Mr. and Mrs. J. L. McLain and Mrs. Marguerite Yaekel and family were visitors in Jacksonville Sunday.

Earl Pond, who is employed in Iowa spent the week end with his family here.

## Reds Overwhelm Cardinals 12 To 2

Cincinnati, April 30.—(P)—Young Gene Schott, only home town lad with the Cincinnati Reds, pitched his first full game as a major leaguer today and led his mates to a crushing 12 to 2 victory over the St. Louis Cardinals. With the Reds' twenty-first and twenty-second double-plays of the

season to aid him, he held the Cards to five hits. The only runs off him came in the second as Medwick walked, Collins tripled, and Davis singled. Meantime the Reds pounded the Cardinals unmercifully, getting well started on two trips around the batting order for an eight-run seventh inning.

Their drive came only a few moments after young Ival Goodman, clinging to a fly to nip a Cardinal budding rally, though Alex Kampouris crashed into him. Goodman was carried from the field unconscious from a blow in the stomach.

Ready To Quit At Springfield Because Of Failure Of

### Board To Boost Pay

Springfield, Ill.—(P)—Because of salary differences, Mark Peterman, coach of the state high school basketball champions, resigned today as athletic director at Springfield High School.

The board of education did not act on the resignation, but it was announced that Springfield could not match "several lucrative offers" made by other schools.

## Push And Jurses Fined, suspended

New York, April 30.—(P)—Guy Bush, veteran right hander of the Pittsburgh Pirates and Billy Jurgens, Chicago Cub shortstop, principals in the riot that marked the Cubs' riotous victory over the Pirates yesterday, escaped with comparatively light fines and suspensions today.

for C. Frick, president of the National League, fined each player \$50 and suspended Bush for five days and the others for three.

Other participants in the fight, notably Roy Joiner, Cubs pitcher, and Larry Lavagetto, Pirate second baseman, were not disciplined.

the fight started when Lavagetto bled and was spiked by Jurgas as slid into second base. Lavagetto Jurgas exchanged a few punches other players joined in. Bush had been sitting on the Pirate bench, tangled with Joiner and floor the young Cub pitcher with a pile of rights.

Today's Cub-Pirate game, which Chicagoans won 2-0, was played without evidence of ill-feeling. Bush Jurgens participated in the pre-game practice, then donned street clothes and watched the game from the stands.

## Jerseyville K. of C. To Take Communion

Members of Council Plan  
Sunday Ceremony; To  
Enjoy Breakfast

Jerseyville—Members of the Jerseyville Council Knights of Columbus will make their annual communion on next Sunday, May 5th, in accordance with the world-wide decree for all councils. The local group has extended an invitation to all the men of the parishes in this community to join with them in attending communion in a body on that day.

The men will meet in the K. of C. clubrooms on State street at seven forty-five o'clock and will march to St. Francis Xavier's church where mass will be read at eight o'clock by the pastor, Rev. John J. Clancy.

Following the mass the members of the council and the guests will return to the clubrooms where a breakfast will be served.

**Nine New Members**  
Nine new enrollments have been made in the Jerseyville council recently and these candidates will be initiated soon. The officers of the local lodge are: A. J. Schieper, Grand Knight; Attorney Marion L. Gibbons, Deputy Grand Knight; Dr. Bryan Caffery, Treasurer; George Hall, financial secretary; Leo Meyer, recording secretary; Theo. Belerman, chancellor; Rev. John J. Clancy, chaplain; Henry Schroeder, advocate; Leo Meyer, inside guard; Albert Kallal, outside guard; Paul Keubrich, warden; John Walsh, Benjamin Schuck-enbrook and Nick Fuchs, trustees.

**Table Setting Contest**  
The table setting contest sponsored by the Jerseyville Woman's Club will be held at the Presbyterian church of Jerseyville on Thursday, May 2nd. The affair was originally scheduled to take place at the Elks hall but a change was made in the arrangements later and the contest will be at the church between the hours of two-thirty and ten o'clock.

The public is invited to take part in the contest and anyone desiring to enter is asked to make his or her name on the committee in charge which is composed of Mrs. James Brannan, chairman, Mrs. Hugh W. Cross, Mrs. C. E. Thatcher, Mrs. W. T. Sumner and Mrs. F. A. DuHadway.

## Miss Minnie Orne Weds Mr. Bracewell

Ceremony Takes Place at  
Home of Bride Near  
Ashland Sunday

Ashland—Miss Minnie Orne, daughter of Mrs. Sam Orne, of Ashland, was wedded in marriage to Alfred Bracewell, of Murrayville, Sunday, at 12:30 p. m. at the home of the bride's mother, two miles west of Ashland, with Rev. D. L. Jeffers officiating.

They were attended by Mr. and Mrs. Roy Anderson, of Virginia, sister and brother-in-law of the bride. Only immediate relatives of the couple were present.

After the wedding dinner, Mr. and Mrs. Bracewell left for a brief honeymoon journey. Upon their return, they will be at home with the bride's mother for a short while.

**PIANO AND ORGAN  
RECITAL AT CHAPEL**

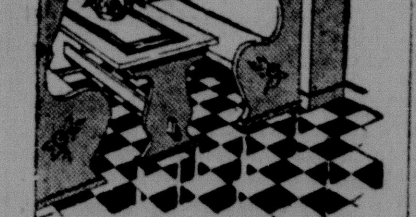

A most unusual and interesting program was presented Tuesday morning in the Y.W.C.A. program for the chapel service at MacMurray college.

Dr. and Mrs. Quinter Lyon of the faculty of the college presented a combined piano and organ recital.

The selections given were: "Meditation," from "Thais," by Massane, "The Swan," by Saint-Saens, and "Fantasie" by Demarest.

For an encore selection, Dr. and Mrs. Lyon played "Il Trovatore," arranged by Milhaud, as a piano duet.

This program was greatly enjoyed by the students. Miss Helen Croxall is program chairman of the Y.W.C.A.

## DIRT FIGHTS A LOSING BATTLE

Dirt fights a losing battle when linoleum is protected by LOWE BROTHERS LINOLEUM LACQUER. For this smooth, durable finish makes linoleum so easy to clean that wiping with a damp cloth removes all dirt. Moreover, this high-grade lacquer preserves the original beauty of new linoleum, brightens old linoleum, and greatly increases the life of both. ## THIS MIGHTY STRUGGLE ENDED... HOW?

Only a few minutes before this unique battle between two big Moose and two powerful Bears, the two Moose had engaged in a thunderous fight between themselves. But when the Bears attacked the victorious Moose, the other came crashing back to his rescue. Together they met the onslaught of their black enemies. Fighting shoulder to shoulder, now, the Moose turned on the full force of their tremendous muscular live power.

A trapper, arriving upon the scene at the close of this pitched battle, found one of the Bears dying from a horn-thrust in the abdomen. The other Bear had taken to a tree and clung there with his tongue hanging out, plainly willing to admit he had more than met his match.

## Classes For Adult Blind Established In Several Cities

**Idle and Untrained Adults Will Receive Attention of Welfare Workers**

Classes for the training of adult blind persons of the state in handicraft of various types are now being established in a number of centers throughout Illinois. It is announced by Mrs. Dorothy L. Kay, assistant director of the department.

This is an effort of the Division of Visitation of Adult Blind to give idle and untrained adult blind persons training in occupational as well as vocational work, with a view to helping them become self supporting. While instruction of adult blind persons has been carried on by the state for a number of years, it has formerly been given to blind individuals in their own

homes. Under the present plan this will be done in workshops through group instruction.

The serious curtailment of the incomes of many blind persons in the state, through the inability of a number of counties to pay the pensions provided by law for adult blind, has prompted this division to establish the workshops in the hope of helping the blind to supplement their incomes. Under the plan of group instruction, it is believed that more blind persons will be reached and with better results. Mrs. Kay states, as more equipment will be available for their use than was possible in their own homes.

A great advantage for the adult blind in these group instruction classes is that of social contact with fellow workers. The classes are anticipated by the blind with eagerness for this reason as well as for the training, with its income-earning possibilities.

**Establish Several Classes**

Cities where classes have been started are Springfield, Quincy, Champaign, and Decatur, while in Kankakee, Bloomington, Peoria, Streator and Rockford classes are being formed and will soon be underway. The instructors of these classes are trained blind persons who have acted as agents for the Division of Visitation of Adult Blind, travelling about the state, seeking out adult blind in their homes, teaching them Braille, giving them handicraft instruction, or whatever might bring encouragement and hope into their lives. These instructors, who are thus well equipped to start the new work, have had a week's conference in Chicago recently at the Illinois Industrial Home for the Blind, preparatory to the opening of the classes.

Many types of handicraft work are to be taught in these workshops, and to those who wish it, instruction will be given in the reading of Braille. Reed work is being taught in the making of automobile baskets, waste paper baskets, flower vases, and various other types of basketry. Brush making instruction includes clothes brushes, floor brushes, street brooms, and the making of dust mops. Door mats are to be woven out of cocoa fibre, by means of wooden frames, and

the making of fibre furniture will also be taught.

With those pupils who have had some training, effort will be made to enlarge their knowledge and to introduce into their work modern ideas that will increase the salability of their products. Those in the classes who have had no previous training will be given elementary work, in the various types of handicraft.

## Wind Does Damage Near Jerseyville

**Outbuildings Wrecked by Small Tornado; Horse Killed by Debris**

Jerseyville—Striking with terrific force, a small tornado hit a section of eastern Jersey county about four o'clock Friday afternoon and wrecked homes and outbuildings on three farms.

The funnel shaped cloud bore down upon the community and vented its worst force at the farm of Mrs. Sarah White. The place is occupied by Mr. and Mrs. Everett Downs.

The large barn at the place was completely demolished, and the windows of the farm house were broken and the walls of the dwelling spread apart by the suction of the wind. The house was unroofed and bed clothing was sucked by the wind from the bedroom through the living room of the dwelling and out of the east windows of the place.

A double corn crib was demolished, machine shed wrecked, and a seed corn house carried away. A sheep was killed in the barn lot by flying timber. From the White farm the storm struck the Everett Richey farm operated by Mr. and Mrs. George Downs. The force of the tornado spread the walls of the house apart, tore down the garage, brooder house and the large barn.

A horse was killed in the barn lot when the wind drove a two by six scantling through its body.

From the George Downs farm the storm swept down upon the Walter Powers farm. There it wrecked two brooder houses, the garage, two corn cribs, took the roof off a large barn and damaged the roof of the house. Three small hog sheds were destroyed.

At the George Downs farm one hundred chickens were killed in one of the brooder houses that were demolished.

### Employment Gains During April Are Rather Slight

William Green Reports That 11,500,000 Were Out Of Work April First

Washington, April 30.—(P)—Employment gains in both March and April were reported today by William Green, president of the American Federation of Labor, but he found them "so slight as to be of little consequence" when compared with the 11,500,000 out of work on April 1.

Preliminary trade union employment figures for April, Green said, showed slight increases. Complete figures for all industry in March showed a gain of 123,000 over February. Both gains were less than those reported for the correspondence month and year.

Other developments in the labor situation included:

Secretary Perkins sent his first assistant, Edward F. McGrady, to Toledo tonight to try to arrange a settlement of the strike in the Chevrolet automobile plant. McGrady also will look into the labor trouble in General Motors subsidiary plants at Cleveland and Cincinnati.

A. F. of L. leaders from all parts of the country swarmed to the capitol to lobby for enactment of the federation's legislative program, topped by the Wagner labor dispute bill. This course of action was decided at yesterday's federation rally.

### Huge Passenger Plane Sets New Flight Record Travels From West To East Coast In 11 Hours And Five Minutes

New York, April 30.—(P)—As clean and trim looking as the day it came out of the factory, a big twin-motored passenger plane whipped in from the west coast at Sundown tonight to establish a new transcontinental transport record of 11 hours and five minutes.

Despite dust and snow storms which forced a 20 minute detour at one point, the passenger Transcontinental & Western Air liner, making an unheralded experimental flight, clipped 29 minutes off the record set by Lealand Andrews in an American Airlines plane on Feb. 21.

"I think this flight proves that non-stop commercial flights are very practical," said D. W. (Tommy) Wilson, who was at the controls when the ship landed at Floyd Bennett field.

Tomlinson, a former member of the famous Navy acrobatic team, the Sea Hawks, was accompanied by Hal Sneed, authority on radio beam flying, and Pete Redpath, navigation expert.

The plane left Los Angeles unannounced at 7:54 A. M. eastern standard time, and was clocked in at 6:59 P. M.

Tomlinson said the ship was held to its course by an automatic pilot 80 per cent of the time between the two coasts. He looked "fresh as a daisy," field observers said, when he stepped out of the cabin with an exclamation of surprise at finding a crowd of 250 awaiting him.

### As Flames Razed Oregon Capitol

Flames visible for miles illumined the sky as Oregon's 59-year-old statehouse was swept by the spectacular blaze pictured here, costing one life, \$1,500,000, and destroying records which cannot be replaced. The copper dome, about which the fire is seen raging, fell an hour after discovery of the blaze, showering sparks for a half mile.

### STUDENTS AT DEAF SCHOOL TO GIVE PAGEANT

Colorful Event To Be Staged On Institution Grounds Next Saturday

Reviving a highly popular event that has not been presented since 1930, the Illinois School for the Deaf will stage a colorful outdoor pageant on the grounds in front of the administration building at 8 o'clock Saturday evening, May 4.

An audience of 2,500 attended the last pageant five years ago and seating arrangements for a similar number will be provided this year. In the event of inclement weather, it is planned to postpone the presentation until May 11th. Notice will be published Saturday morning if postponement is necessary.

More than three hundred members of the girls' physical education department, assisted by other school organizations including the boys' literary society, will take part in the pageant which is under the general supervision of Emma Solberger Johnson, director of the department.

Entitled "Olympia Through the Ages," the pageant will be given in five episodes. The first will depict physical education in the "Grecian Age." Next will be the "Age of Chivalry" with its armored knights and sports popular at that time.

The following episode will deal with the "Late European Influence" and the part that various countries have played in the development of physical education. "The Gay Nineties," the fourth episode, will be an entertaining exhibition of costumes of that time.

Climaxing the pageant will be the episode, "Modern Physical Education." Work of the girls' physical education classes at the school will be demonstrated along with other novel features.

Music will be furnished by the I.S.D. band under the direction of Frederic Fancher. Miss Rhoda Olds will be accompanist, assisted by Miss Virginia Morgan and Miss Dorothy Graef, violinists.

### Mancheste

Mancheste, Ill., April 30.—Rev. and Mrs. H. H. Janetzki and daughter Lois Peard of Melbourne, Australia, were week-end guests of Mrs. Leah Gregory, Mrs. Norman Kelly underwent an operation for appendicitis at the White Hall hospital on Saturday evening. Mrs. Kelly is reported to be doing as well as can be expected.

### FINAL VOTE ON MEASURE TO BE TAKEN TODAY

(Continued From Page 1)

emergency bills require a two-thirds majority of 102, which Green said would be difficult for the majority party to assemble.

In the senate, heavily Democratic, the bills were passed last week only after a fight that lasted nearly a month.

Republicans planning a filibuster drive in an effort to force house consideration of bills to increase the public school appropriation considered expanding their program to include the Schnackenberg permanent registration bill. Both have been held up in house committees.

A group of minority representatives have planned to filibuster until the measures are brought out for a vote.

The appropriation bills, which have already passed the senate, would require the state to pay an extra \$7,000,000 into the state school distribution fund.

Added to this would be the bills by Elmer J. Schnackenberg, Chicago Republican, for the permanent registration of voters. He failed in another effort to get the house elections committee to consider them favorably.

The group enjoyed a tea at the home of Mrs. Fletcher Blackburn, 304 West College avenue.

### France Calls For Trained Aviation Machine Gunners

Paris—(P)—France, with an eye on Germany's rearmament in the air, today sought to keep her own air force at full strength by calling for the recruiting of trained aviation machine-gunners, radio operators, and mechanics to fill vacancies at the Dugny military air base attached to famous Le Bourget field.

At the same time France moved for aviation alliances with other nations and toward the completion of the Franco-Russian mutual assistance treaty.

Minister of Agriculture Castejoux indicated that the French army was storing wheat, when he reported to the cabinet that purchases by the quartermaster's department were absorbing some of France's wheat surplus and helping increase the price of wheat to ten francs for 220.46 pounds.

The French cabinet approved counter-proposals for the Franco-Russian treaty which are to be submitted to Soviet Russia in final negotiations. It gave new instructions to Pierre Laval, foreign minister, and these he is expected to present to Ambassador Potemkin of Russia immediately.

### Quiz Gang Leader About Discoveries In Palatial Home

Providence, R. I.—(P)—Federal authorities, after an all-night grilling of Carl Rettich, suspected gang-leader, today again turned their attention to his palatial Warwick villa which already has given up an outlaw arsenal, part of a mail truck robbery loot and what are believed to be human bones.

Retentive as to any information they might have received from Rettich who surrendered yesterday, the investigators, with 12 men already in custody, returned to Warwick in the hope they might find new evidence in the cavernous chambers built into its cellar.

U. S. Attorney J. Howard McGrath, active in the probe which led to the gang-roundup following the slaying of Andino Meroia last week, said Robert E. Demarest, a convict serving time at Howard R. I., was believed to have been involved in a mail truck holdup in Butler, Pa., and probably in the \$427,000 armored car robbery in Brooklyn, N. Y.

Search of the apparently respectable Warwick residence so far has disclosed a supply of machine guns and other weapons, part of the \$126,000 stolen from a Fall River, Mass., mail truck and bones which may be human.

Workers under the direction of federal and state authorities prepared to hammer away at concrete walls and cellars in search for the bones of several missing racketeers whom they believed might have been slain and buried beneath the walls of the estate.

### Germans Continue To Deny Sub Fleet

(Copyright, 1935, by the A.P.)

Berlin—A German naval officer in a position to know said today that Germany will officially deny, as long as possible, the existence of a submarine fleet.

It was indicated that Reichsfuehrer Hitler thus, apparently hopes to pursue the same surprise tactics he employed in reference to Germany's rearmament on land and in the air.

For more than a year after Germany began to augment its Reichswehr, the fiction of an army of only 100,000 men was assiduously maintained officially, even though unofficially all Germany, including resident foreigners, knew the army exceeded the bonds set by the Versailles treaty.

the situation, however, expressed the opinion that was not likely.

In the house of commons Geoffrey Mander, liberal flatly demanded whether the government did not think it would be useless to proceed with the conversations.

The government whip, appearing for Foreign Secretary Sir John Simon, refused to answer.

AGED WOMAN DIES

Seymour, Ill. April 30.—(P)—Mrs. Rebecca Jane Dawley, 100 years old, died today at her home near here. Born in Clark county, Ohio, Mrs. Dawley moved to Illinois in 1864. She was a resident of Champaign county 71 years. A former school teacher, Mrs. Dawley celebrated her hundredth birthday last August. A daughter, Alicia Dawley, survives.

### City Appointments Are Given Approval At Council Meeting

mayor's bond. Aldermen may qualify for office simply by taking the oath of office, in view of the fact that they are not required to file a bond.

Ready to Leave.

Although he said it appeared to him that some one was in a hurry to take the office, Mayor Wainwright said he did not want to be obstinate. It was apparent, he said, that the new council did not want to follow the usual custom of permitting the old council to administer the oath of office and then retire. He declared he was ready to give up his office, and ordered the clerk to call the roll of the newly elected council. Immediately thereafter the council adjourned to the office of the city clerk to complete its business.

Alderman Ray Harmon, newly elected Third ward alderman, was unable to attend the meeting because of illness. Six aldermen, Early, Green, Coking, Brown, Weaver and Mathews, were present for the early part of the meeting, and as soon as the council began acting upon appointments, Alderman Denny took his place.

Declaring "You have possession," Mayor Wainwright walked out of the clerk's office after the session reopened. Alderman F. R. Mathews explained to the retiring mayor that the reason the special meeting was called was to prevent a repetition of the events of two years ago, when two staffs of officers reported for work until the council had an opportunity to straighten out the appointments. He extended the thanks of the council to the retiring mayor for appearing at the meeting.

Following the meeting, the council convened again in special meeting to name the Elliott State bank as the depository for city funds, by passing an ordinance carrying an emergency clause. The ordinance was required by the bonding company which is underwriting the bond of Miss Gertrude Hamilton, city treasurer.

No attempt was made to appoint committees for the coming two years.

ISSUES INJUNCTION

Springfield, Ill., April 30.—(P)—A temporary injunction to prevent enforcement of NRA code penalties against the Hayes-Custer Store and Furnace company of Bloomington was issued in federal district court here today by Judge Charles E. Woodward of Chicago.

Without ruling on the constitutionality of the NRA Judge Woodward held that the provisions of the gas appliance and apparatus industry code are not applicable to the stove company on the ground that its manufacturing business is not interstate commerce.

Among the callers in Jacksonville Tuesday was Mrs. Matilda Robinson.

### Col. T. Roosevelt, Jr. Says Work-Relief To Be Used For Votes

Declares Administration Has Used Funds in Several States Previously

Boston.—(P)—Col. Theodore Roosevelt, Jr., expressed the belief today the new \$4,800,000 work relief appropriation "will be used in large amounts for campaign purposes, for an out and out attempt to buy the votes of the American people."

Colonel Roosevelt, head of the National Republican Club, son of the late President Theodore Roosevelt and a distant cousin of President Franklin D. Roosevelt, made the accusation in an address prepared for delivery at a conference of New England Republican leaders.

The Democratic administration, he asserted, has used federal funds for political purposes in Iowa, North Dakota and other states.

In charging "an out and out attempt to buy the votes," Colonel Roosevelt said Congress had turned the appropriation over to the president "to spend practically as he pleases."

"All of you know what was done last summer and autumn," he said.

"In Maine the present Democratic governor campaigned for reelection with the statement that unless he was reelected Maine would not continue to get the federal funds she had been receiving."

"In Des Moines, for example, after a conference with Farley, the Democratic state chairman announced over the radio: 'This election beyond all doubt will determine whether Iowa will continue to receive through federal agencies the very liberal and much needed benefits coming to our people through these agencies.'"

"If allowed to continue unchecked," his address said, "Roosevelt would not only crush the small property owner, the home owner, the small business man, and instead of a nation where the vast majority of the people have possessions and comfort, we will become a country where poverty is the rule."

The conference brought together party workers from the six New England states to formulate plans and policies for the 1936 campaign.

### STOP DISTRIBUTION OF RELIEF FUNDS IN ST. CLAIR CO. TODAY

East St. Louis, Ill.—(P)—Distribution of relief funds and supplies, except for milk for babies, has been stopped in St. Clair county.

Fred G. Austin, county relief administrator, received word yesterday from Robert J. Dunham, Chicago, chairman of the state relief commission, that no more funds are available. Earlier orders for milk for the next month will be filled, however.

A total of \$297,000 was spent in the county in April for 10,300 families, composed of 35,000 individuals, on relief.

George Fox of Orleans was a caller in Jacksonville Tuesday.

Mrs. S. B. Kumle of Alexander was shopping in the city yesterday.

## Price Upturns In Corn Mart

By John P. Boughan  
Associated Press Market Editor  
Chicago, April 30.—(P)—Prospects that little corn will be available for delivery on May contracts tomorrow led to tension and to price upturns in the corn market today.

The unsettled open interest in May corn futures is notably larger than any corresponding time during recent years, and scarcity of offerings today became very evident. As a result, previous speculative sellers of corn switched to the buying side, and there were late rallies of other grains owing more or less to reports of violent dust storms in Kansas and Saskatchewan.

Corn closed yesterday, 1/2 off to 1/4 up compared with yesterday's finish, May 89-1/2, wheat 1-1/4 down, May 98-1/2, oats at 1/4 decline to 1/2 advance, and provisions varying from 10 cents setback to a rise of 2 cents.

Haunted by fears of a possible tight squeeze in corn prices before the end of the coming month, grain trade interest focused chiefly today on what might develop tomorrow, the first delivery day for May contracts. Liquidating of holdings of most grains took place early on the part of traders unwilling or unable to accept tenders.

**CONNECTICUT ISSUES ANNIVERSARY STAMP**

Relatives in Jacksonville have received a "First Day Cover" Connecticut Stamp from Horace B. Tuttle, of Bloomfield, Conn., commander of the Bloomfield Post American Legion. This has been issued in a limited number at Hartford, Conn., April 26, in honor of the Tri-Centennial celebration of the founding of the state, which will continue through September.

The cover consists of a picture of the first church built in Wintonbury Parish 1783, "Old Farms School," 1795, (The Legion Hall) and the Royal Seal. The stamp includes the picture of the Charter Oak, with dates 1635-1935. It is a very interesting and valuable addition to a stamp collection.

Mr. Tuttle has visited in Jacksonville and expressed the hope that friends in this city might visit the historic state of Connecticut during the coming months.

**WHITE HALL**

Mr. and Mrs. Jack Lenington and children spent Sunday with friends at Hillview and attended a baptism in the Hillview creek east of Hillview Sunday afternoon. Three candidates were immersed in the creek by Elder Lonnie Moore of Drake who is pastor of the Hoskins Baptist church, north of Hillview.

**HOLD FORECLOSURE SALE**

Sale of a 58 acre farm southeast of Murrayville was held Tuesday morning at the court house by Max J. Chancery Henry W. English, of \$3,086.94 being entered by the first Trust Joint Stock Land Bank of Chicago. The bank is plaintiff in foreclosure proceedings against Robert D. Mawson, Minnie A. Mawson, et al. Charles Ray Grunty is attorney for the plaintiff.

MORGAN FARMER HAS  
TEAM 30 YEARS OLD

E. Bourn Has Raised Aged  
Horses From Colts

Earl Bourn, who resides on a farm  
north of this city, has an unusual  
team of horses. On April 25 the  
animals were each thirty years old.  
Mr. Bourn raised them from colts  
and they have been in his posses-  
sion since their birth in 1905.

For more than three years the team  
worked in this city, being used by Mr.  
Bourn to haul for the LaCrosse Lum-  
ber Co. in the days before trucks  
were in general use. They have done  
all sorts of farm work, but in recent  
years have been retired. One of them  
has been used for light work during  
the past year.

Monday, Mr. Bourn turned the old  
horses into the alfalfa field. They  
are able to eat well, and aside from  
pasture, are given oats and ground  
corn.

Mrs. William Riggs of Philadelphia,  
Illinois was calling on friends here  
yesterday.

## What Would Be YOUR Answer?

If you were the editor of a newspaper advice column  
and this letter came to you—

Dear Miss Heart Problems:  
Do you think "Summer  
Sweethearts" are ever serious  
or mean what they say?  
I am in love with a man  
my parents do not like. They  
won't let him come to see  
me so I meet him away  
from the house. I know  
I really love him and will  
never love anyone else.  
Please advise me

how would you reply? Perhaps you  
think the girl who wrote the letter is  
foolish, too young to know

## J. T. SHELTON, ASHLAND, WINS CHECKER TITLE

Cass County Representative  
Is Winner Of Four-County  
Tournament

J. T. Shelton, of Ashland, Cass County representative, won the Four-County Checker championship, at the City Hall here last night when he took his last two games from P. G. Stein of this city.

Shelton got off to a slow start in the tournament, but his stride in last night's play and bowled his opponents over in rapid fire order.

When Shelton and Stein started playing their two final games, the crowd in the council chamber swarmed about the table to witness a battle royal. These two players fought it out, using every trick known to the checker world. Shelton, displayed unusual ability in his moves and finally defeated Stein both games to give him the title.

Stein finished in a tie for second place with Raymond Whitlock of Manchester, A. D. Rollins of Greenfield.

The tournament promoted by the Jacksonville Checker Club proved very successful and much enthusiasm prevailed. The crowd at the City Hall last night was the largest during the entire tourney.

Most of the players were unanimously in favor of making the tournament an annual affair.

The winner of the tournament will receive a silver cup from the Jacksonville Journal-Courier company, Judge William E. Thomson, presented the winners of second place with a box of cigars.

The tournament was managed by a committee composed of Judge W. E. Thomson, Frank Bracewell, Ernest May, Louis E. Biggs and Donald Chapman.

The referees at last night's games were: Judge W. E. Thomson, Clyde Landreth, Marion Woods, Frank Bracewell, Ralph Cline acted as scorer and Donald Chapman, tournament manager.

Final results of the tournament follow:

Player	Won	Lost	Draws
Sam Montgomery	4	0	1
L. E. Biggs	3	2	2
P. G. Stein	7	3	4
Raymond Whitlock	7	3	4
A. D. Rollins	8	4	2
J. T. Shelton	9	2	3
H. C. Black	2	7	5
Rolly Cooper	4	6	3

Final percentages were: Sam Montgomery, Virginia, 321; L. E. Biggs, Jacksonville, 286; P. G. Stein, Jacksonville, 643; Raymond Whitlock, Manchester, 643; A. D. Rollins, Greenfield, 643; J. T. Shelton, Ashland, 750; H. C. Black, White Hall, 321; Rolly Cooper, Manchester, 393.

A mix-up over the bond of the fire chief precipitated a series of motions and resending motions, but the matter was finally straightened out when Sullivan came to the council chamber and signed the personal bond after the council by a 6 to 1 vote had approved his bond subject to Sullivan's signature. The bond as originally presented bore only the names of the two sureties. On the call for confirmation of the appointment, Aldermen Cooching, Early, Green and Matthews voted with the mayor, Aldermen Brown and Weaver voted against him, and Aldermen Ben Denny asked to be excused. As soon as the roll call was completed, Denny voted with the administration.

**Confirm Loneragan, Vieira.**  
The appointments of Charles Loneragan, as assistant chief, and Ernest Vieira to replace Ernest Edmonds, as captain, were confirmed without a dissenting vote. Mayor-Elect Blackburn later read off the names of persons appointed to the first department informally, reserving presentation of their names to the council for their approval or disapproval until a later date. The appointments were as follows: Howard Reynolds, Ray Hayes, Fred Timmerman, Frank Wolfe, Harold McDougall, Orin Wright, James Trahey, Joe Sullivan and Robert Smith.

Two other appointments, that of C. Justus Wright as superintendent of the collection division of the water department, and the re-appointment of George Stoldt, superintendent of the water and light plant, also were presented and accepted by the council without a dissenting vote. The men will enter upon their duties today. Stoldt became water and light superintendent under the retiring mayor, W. A. Wainright.

Two resignations were read and placed on file. One is the resignation of Joseph Gomez, former superintendent of streets, who resigned as commissioner of highways of District 14. The other was that of Ernest Savage, secretary of the park board. No action was taken on either resignation. The resignations will come up for action at the next meeting of the council.

What threatened to be a stormy session blew itself out in a few minutes as Mayor W. A. Wainright called the meeting to order in the city council chambers as checker players, engaging in a four-count championship tournament, jumped their checkers over the boards without pausing.

City Clerk John Phillips reported that the call for the special meeting was signed by three aldermen, Green, Weaver and Matthews.

Declaring at first that he thought the call for the meeting was illegal, and arguing that the old council is still the council until midnight, the mayor appealed to the city attorney for an opinion.

O. N. Foreman explained that there was no question about the date of beginning the municipal year, but continued by saying that the mayor is given ten days after having been officially notified of his election to qualify for the office, and that ten days after qualifying he may take office. Foreman said it was his opinion that there was no new mayor as yet, and that there would not be one until the council approved the appointment.

## Local Debaters Take Second Place in Meet; To National Tourney

Bloomington, Ill., April 30.—(Special) — The Illinois State Debate tournament ended with neither Jacksonville nor Duquoin having a clear claim to the title. In accordance with the state rules when this occurs the team winning the most debates during the first six debates is declared champion and the other team second. On this basis Jacksonville won second place. In the state Duquoin won six debates to win first while Jacksonville won five and lost one. In total points Jacksonville got 799 and Duquoin 782, but the total point basis is used to determine a championship only in case each team wins their six decisions.

By winning second place Jacksonville will go to the National Speech Tournament at Kent, Ohio May 6 to 10. The only teams from Illinois in the national debate tournament will be Jacksonville, Duquoin, Mendota and Elgin.

In the debates today, the Jacksonville negative composed of Robert Fay, Edward Johnston and Ralph Dunlap, defeated Greenup, 141 to 130, while the affirmative team, Bill Clark, Jane Dunlap and Mary Butler defeated Mascoutah, 138 to 100 and Mendota, 135 to 121. The negative team lost to Elgin, 138 to 137, but in the afternoon won from Dwight 138 to 114.

## I.C. STUDENTS ARE ELECTED TO PHI BETA KAPPA

Five Named Members Of Society At College; William Fay Leads Seniors

At a special assembly on Tuesday morning, the Epsilon chapter of Phi Beta Kappa at Illinois College announced the election of five new student members to the society. Four candidates, William Fay, Cecil Giffen, Ramona Lothian and Frederick Stallmann, were selected from the class of 1935, in addition to the two members of this class, Theodore Smedley and Robert M. Thrall, who were taken into the society last spring as juniors. Elsie Wise was named as the only student in this year's junior class whose record showed sufficient scholastic achievement to merit election to the honorary group.

In opening the assembly, President H. C. Jaquith emphasized the importance of continuing mental and intellectual growth after leaving college.

Dean R. H. Lacey, president of the local chapter of Phi Beta Kappa, summarized the history of the society and introduced the students who have been elected to membership. Each of the students receiving this recognition for superior academic work has shown marked interest in extra-curricular activities. Mr. Fay, a resident of Jacksonville, won the prize in freshman debate and has been active in varsity and inter-society debate. He won the William Jennings Bryan prize in political science, has been as associate editor, is now co-editor of the Rambler, and was president of his society, Sigma Psi. He is a history major. Mr. Fay was voted by the faculty the most outstanding member of the senior class.

Mr. Giffen, also of Jacksonville, was associate editor of the Rambler, is editor of the 1935 Rig Veda and has served as president of Phi Alpha. He has been a social leader on the campus, being chairman of last year's Junior Prom and a member of the Senior Prom committee this year. His major is social science.

Miss Lothian, of Jacksonville, won the freshman prize in Latin, is a member of Gamma Delta literary society, in which organization she has held a number of responsible offices, and as a leader in the Women's I. Club, she has won positions on the women's varsity hockey and basketball teams. Miss Lothian is majoring in Latin.

Mr. Stallmann, of Staunton, won the prize in freshman mathematics, is assistant business manager of the Rig Veda and a member of Phi Alpha, serving as treasurer this year. He is majoring in physics and was rated high by the faculty. Mr. Stallmann has been awarded a graduate scholarship at the University of Illinois for next year.

Miss Wise, whose home is in Elgin, has been an honor student throughout her college course. She was awarded a high school scholarship to Illinois College upon her graduation from high school and has won the William Honor Scholarship twice. Miss Wise has the highest scholastic standing in the Junior class. She is prominent in women's athletics, is women's athletic editor on the Rambler staff, and is a member of Gamma Delta.

Of the two men elected last year from the class of 1935, Mr. Thrall won the freshman prize in debate, the Smith prize in Sophomore Mathematics, the Ireland Prize in Philosophy and received a graduate scholarship at the University of Illinois for this year, having finished his undergraduate work at summer school last summer. He has been appointed to a Fellowship at the University of Illinois for next year. His major is mathematics. Mr. Thrall was a member of Phi Rho society.

Mr. Smedley received a high school scholarship to Illinois College and has been an honor student throughout his college course. He has held the Williams honor scholarship for two years, is co-editor of the Rambler this year and is president of the choral club. He has been awarded a scholarship to the Northwestern University Law School for next year. His major is history.

Dr. Broce called upon Mrs. Ruth Martin Brown to tell something of the history and ideals of Phi Beta Kappa, which she did in a most impressive way. Mrs. Brown stated that for more than one hundred and fifty years, Phi Beta Kappa has been the exponent of devotion to friendship, morality and literature. She pointed out to the students that the distinction conferred upon them was one that prohibited men and women in all fields were proud to share. Phi Beta Kappa through its members has always been closely associated with the history of our country. The society now has chapters in more than one hundred institutions, the best and noblest colleges in this country. The society was founded in 1776 and privileges were extended to women on equal terms with men in 1875. This fraternity has always sought to inspire wisdom and true knowledge in its members. Mrs. Brown told the new members that they would be expected to adhere to the ideals of the society and to the principles which the founders chose, fraternity, morality and literature.

The formal initiation of the new members will take place at 5 p. m., June 6, after which there will be a banquet at Baxter Hall. There will be an open meeting in Jones chapel after the banquet with a prominent Illinois College alumnus as the speaker.

**TO MARK PAST  
NOBLE GRANDS NIGHT**

Past Noble Grands night will be observed at the regular meeting of Caritas Rebekas lodge, No. 625, on Thursday evening at 8 o'clock at the I. O. O. F. hall on West State street. A Mother's Day program in charge of Mrs. Virginia McIndoo will be presented.

## RELIEF GROUP CLOSES DOORS STATE STATIONS

More Than Million Persons Affected; Morgan Close May 9

Chicago, April 30.—(AP)—The Illinois Emergency Relief Commission, impoverished by the suspension of federal aid, closed the doors of all its state stations to 1,200,000 clients tonight.

The unemployed in many sections were forced to turn to their own resources or private charity for their sustenance but the majority were assured essential provisions for the next few days.

Chicago police, fearing radicals would seek to capitalize on the situation, took precautions against violence. Communists were reported to have planned May Day demonstrations at all relief stations in the city. Patrolmen have been posted at the offices. District police captains have been warned to hold squads in reserve.

Commission auditors announced IERC agencies in 21 of Illinois, 102 counties were "flat broke" and that those in 32 others would be penniless by tomorrow night. Ten counties were described as able to carry on emergency operations until May 2; four until May 3; 14 until May 4 and 21 until next week. Chicago's 600,000 needy were guaranteed bare necessities until Sunday by a \$1,200,000 advance from the Cook county board but here as in the counties where some funds left only food and medicine was furnished.

The \$900 IERC employees were cut off the payroll but those volunteering their services mailed out supply orders which are still available. The relief stations were shut.

A bill designed to end the crisis and resume federal grants came up for second reading in the State House of Representatives at Springfield. Already approved by the Senate, it would boost the sales tax from two to three per cent, extend the levy to utilities and enable Illinois to post its \$3,000,000 monthly share of the relief burden. Its fate was uncertain. Should it be approved, FERA Administrator Harry Hopkins has indicated he would immediately advance \$9,000,000 to revive the commission.

**To Roosevelt**  
Governor Horner, alarmed by the stalemate, carried a plea to President Roosevelt for a reduction in the state's relief assessment. Investigators here prepared to probe charges of waste and inefficiency in the IERC at the suggestion of the governor and the commission.

The relief commission prepared a tabulation of absolute relief shut down by counties, basing its dates on the unexpended balances on hand as of today. Auditors pointed out that some counties might go a day or so longer than their figures showed and that others might close sooner. The tabulation follows:

Closed today: Adams, Alexander, Bureau, Calhoun, Carroll, Fulton, Greene, Hardin, Iroquois, Jefferson, Jersey, Knox, Lake, La Salle, Lee, McDonough, Macoupin, Madison, Mason, Massac, Menard.
